

CRUSADER ATHLETICS

Mr. Mike Hiltibidal, Headmaster
Mr. Harv Hammock, Athletic Director
Mr. Mike Sonneborn, Assistant Athletic Director
Mrs. JoAnna Oster, Director of Development

Dear Parents,

Dade Christian School extends one full year of advertising for your business. The community needs to know whom we are working with. This advertising is offered to help our Athletic Department. As you know, the coaches in our Athletic Department work very hard to make sure our athletes are committed academically as well as athletically towards the process of building Dade Christian School's athletic program.

The athletic program at Dade Christian has had great success over the past several years. In 2005 the Crusaders girls won the district championship in basketball, soccer and cross-country. Our girl's track team continued their dominance winning the district, regional championships and finishing state runner-up. Also in 2005, five senior girls received athletic scholarships. Our boys program followed suit also. In 2005 boys' football, basketball and baseball all finished as district runner-up and earned playoffs appearances. The boys' basketball made it to the regional semi-final game before falling to American Heritage in overtime by one point. Dade Christian is very proud of our student athletes. We depend on the support of businesses like yours to provide the best opportunity for our student-athletes. In order to generate more opportunities and better equipment for the athletes, we need your help.

On behalf of Dade Christian School's Athletic Department, we extend to your business an opportunity to be a part of this athletic program and to help future Crusader athletes. Your contributions will provide great opportunities that will make a difference in the lives of our students. Please go to the website to view the funding accomplishments. We accept donations of any size; however, please see the different sponsorship levels. The sponsorship information chart is enclosed.

Thank you in advance for your support,

JoAnna Oster, M.Ed.
Director of Development
